

## Congratulations on your decision to get started in TVI Express.

FOLLOW THESE DIRECTIONS CAREFULLY AND TEACH EVERY NEW RECRUIT HOW TO USE THIS SYSTEM!

There are currently only 2 payment methods accepted by TVI Express.

1. Liberty Reserve account (YOU DON'T NEED VOUCHERS WHEN YOU USE LIBERTY RESERVE TO SIGN UP)
2. Prepaid evoucher

TVI Express is an international company doing business in over 150 countries and since TVI's offices for administration are overseas, it is necessary to use a particular service to make payments to TVI. Using Liberty Reserve in conjunction with Ebuygold.com is the main method of getting money to TVI in order to sign up with TVI Express. It is a secure form of converting global currency from you, through a wholesale exchanger to TVI's international office.

Liberty Reserve is a digital currency provider; it is similar to a PayPal account, but can be used from anywhere in the world. A Liberty Reserve (LR) account is simply an online account system that exchanges money from U.S. dollars to digital currency.

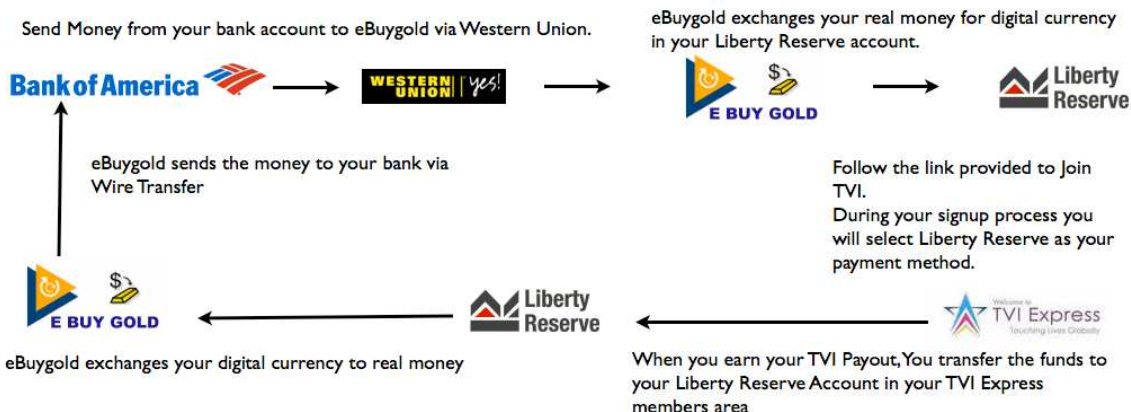

You will also use your Liberty Reserve account to transfer the money you earn from TVI to your bank account.

You cannot directly deposit to, or withdraw money from, a Liberty Reserve account. Money has to be transferred through an exchange service.

The exchange service we recommend is eBuygold because we have used it; the service is fast and has been reliable for many years.

To put it simply: You go to Western Union with either cash or a credit card. You transfer money to your eBuygold account; eBuygold converts that money to digital currency and deposits it into your Liberty Reserve account.

When you join TVI Express you will pay for your voucher using Liberty Reserve. When you earn your \$10k commissions you transfer the money from TVI to Liberty Reserve and then use eBuygold to exchange your digital currency to real money and then wire transfer the money to your bank.
